# PRODUCT (UI/UX) DESIGNER

## TAIWO SALAUDEEN

salaudeentaiwo8@gmail.com | +234 705 400 8872 | LinkedIn | My Portfolio | Lagos, Nigeria.

## Professional Summary

I'm a Product Designer with 5+ years of experience designing web and mobile products across fintech, healthcare, gaming, and e-commerce. I've designed user-centered experiences, streamlined complex workflows, and collaborated closely with product managers and developers to deliver intuitive, scalable solutions that meet both user and business needs.

## Professional Experience

### Lordwin Group
*Remote*

Game & Product UI/UX Designer
*Mar 2025 - Present*

- Designed web and mobile experiences that streamlined logistics workflows, reduced manual tasks, and improved operational efficiency, with designs successfully handed off to developers.
- Redesigned a transport service ecosystem across mobile apps, web applications, and an administrative back-office, simplifying booking flows, reducing manual work, and improving operational visibility.
- Improved gameplay clarity, color contrast, and responsive layouts across digital games built for business clients, creating more intuitive and accessible gaming experiences.
- Designed an Hotel booking service, translating client requirements into a cohesive booking experience while improving visual clarity across key features, including property investment and management.

### Wovenremit
*Remote*

Product UI/UX Designer
*Aug 2025 - Nov 2025*

- Spearheaded the full redesign of Wovenremit, enhancing exchange rate transparency and simplifying global money transfer flows to increase user trust and usability.
- Translated complex operational and financial requirements into intuitive, scalable product experiences across mobile and web.
- Led the end-to-end design of Dropatgate, delivering a seamless mobile concierge experience that improved booking clarity and operational efficiency for airport travelers.
- Contributed to the UX optimization of Trustcomply, improving audit workflows, compliance tracking, and overall enterprise platform usability.

### Halla Gaming Company Limited
*Hybrid*

Graphic and UI/UX Designer
*Jan 2024 – till present*

- Designed and launched a sports blog platform (news, videos, odds, predictions), increasing returning user engagement by 25%.
- Created high-performing social media and marketing assets, improving campaign CTR by 15%.
- Collaborated closely with developers to build and maintain a scalable design system, reducing design-to-dev handoff time by 20%.
- Contributed to UX and content strategy to enhance fan experience, readability, and accessibility across devices.

### Bridged Centre for Impact (BCI)
*Remote*

Product UI/UX Designer
*Oct 2024 - Jan 2025*

- Redesigned a hospital EMR system to improve usability and streamline daily workflows for clinical staff.
- Worked directly with doctors and nurses to identify pain points and simplify complex medical task flows.
- Translated real-world healthcare challenges into practical, user-centered design solutions.
- Facilitated cross-team collaboration to align technical constraints with medical requirements.

### Syncskills
*Remote*

UI/UX Designer
*March 2024 – Feb 2025*

- Designed and improved platforms including Oloja and an NDIS service platform, enhancing task flow and accessibility by 30%.
- Delivered user-focused web solutions that improved service matching and overall user satisfaction.
- Collaborated with stakeholders to define product goals and produce brand and marketing guidelines, contributing to a 20% increase in user acquisition.
- Worked closely with developers and QA teams to ensure UI consistency, reducing UI-related bugs by 25%.

### Freelance
*Remote*

UI/UX Designer
*Apr 2022 - Oct 2023*

- Designed end-to-end user flows, wireframes, and high-fidelity interfaces for clients across finance, social platforms, art galleries, and service products.
- Delivered production-ready UI designs for applications with 25+ screens.
- Conducted usability testing and iterative improvements prior to product launch.
- Collaborated with clients across different regions and industries, adapting designs to varied user needs.
